Accessibility Policy

We are committed to making our website's content accessible and user friendly to everyone and are actively working to increase the accessibility and usability of our website. We are working towards achieving the standards required for compliance with the Web Content Accessibility Guidelines (WCAG) 2.1 level AA using working practice recommended by the WebAIM's WCAG 2 checklist.

Recommendations

We recommend using the latest version of assistive technology applications and web browsers as required. This website allows you to personalize the presentation and style of content by using the controls provided within your web browser or extensions to suit your needs, this may include increasing text size and modifying text contrast. Keeping your browser up-to-date will ensure that you have the widest range of accessibility options.

Third-party content

This website may include content provided by third-parties. While we do not control content from third party vendors, we strongly encourage vendors of third-party digital content to provide content that is accessible and user friendly.

Feedback

You can help us to maintain the quality of our website by giving us your comments and suggestions for improvement.

If you are having difficulty viewing or navigating the content on this website, or notice any content, feature, or functionality that you believe is not fully accessible to people with disabilities, please contact us and provide a description of the specific feature you feel is not fully accessible or a suggestion for improvement. We take your feedback seriously and will consider it as we evaluate ways to accommodate all of our customers and our overall accessibility policies.
